## LED Blue Strobe Light Injury

**Mark Baker** <mbaker@softlights.org>  
 to LVT, Robert, Jeff, commissioner, Xavier, bcc: Stacie

Dear LVT Support,

I am copying the Food and Drug Administration in this email.

On May 19, 2023 at approximately 6pm, I was in the JC Penny parking lot in Woodland, California, when I looked towards an blue LED strobe light that caused me to suffer an eye injury and emotional trauma.

I have notified LVT of this hazard in the past, and yet the hazard still exists. LVT is obligated to remove the LED strobe light t injuries they cause and why LVT has no legal authority to use LED strobe lights.

Sincerely,

Mark Baker  
 President
